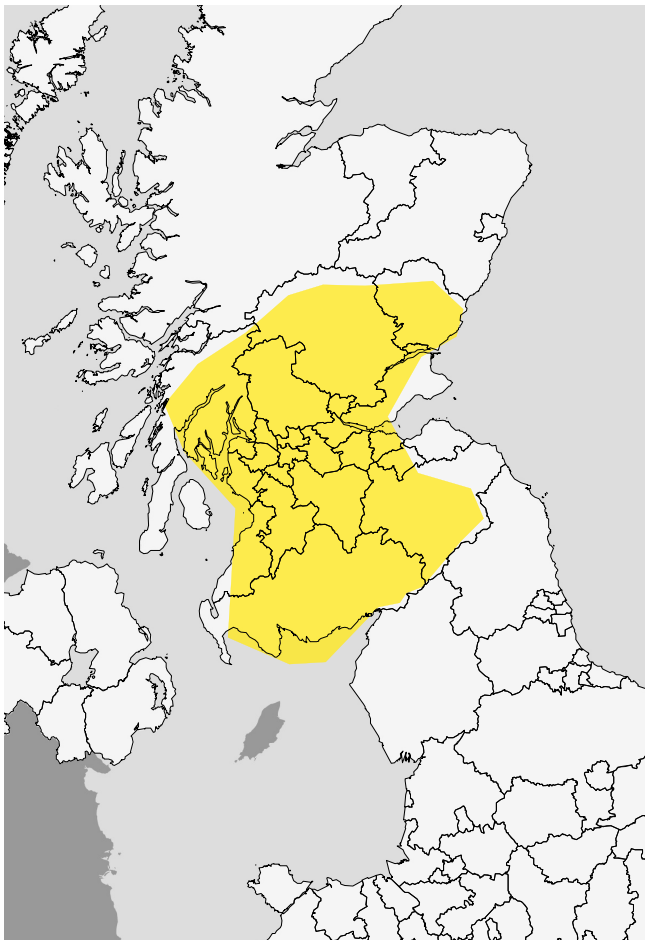
Yellow warning
Rain

Between
00:00 Fri 30 Dec 2022 and
14:00 Fri 30 Dec 2022



Heavy rain bringing flooding and travel disruption.

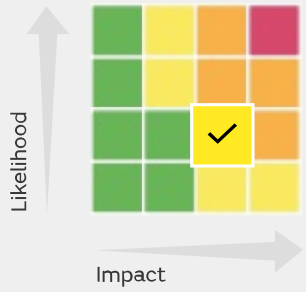
What to expect

- Spray and flooding could lead to difficult driving conditions and some road closures
- Delays or cancellations to train and bus services are possible
- Homes and businesses could be flooded, causing damage to some buildings
- Some communities may be cut off by flooded roads

Further details

Heavy rain will arrive in the early hours of Friday morning, lasting throughout before clearing from the west. 20-30mm will fall widely within a 12 hour period with 50-70mm possible in a few areas, mainly across high ground in the south for which a separate amber warning will be in force.

The rain will be preceded by a spell of snow over higher ground, particularly to the north of the Central Belt, for which a separate warning will be in force.



Low likelihood of medium impacts

Issued at 11:06 Wed 28 Dec, 2022 Updated at 10:52 Thu 29 Dec, 2022

Yellow warning
Rain

Between
00:00 Fri 30 Dec 2022 and
14:00 Fri 30 Dec 2022

Further Details (continued)

Strong southerly winds will accompany the rain, especially around southwestern coasts where gusts of 55-65mph are likely.

Reason for update

The start and end time have been brought forward slightly and the area affected has been expanded to include Dundee and Angus and more of the Scottish Borders. In addition the likelihood of medium impacts has been increased.
